

UKPOOLENCLOSURES

Pool enclosure measurement guide

Please supply all measurement in cms.
Also please note any additional pool features, such as positioning and height of steps, and size and positioning of pool access points for skimmer/lights etc.

If possible please also supply digital photographs of your pool area.

Once we have this information we will be able to prepare a full enclosure plan for you.

Roman Ends/Steps

If you have a Roman End on your pool, please identify where this is positioned and also the width and depth based on water area.
